TODAY

TODAY er en kunstpause i hverdagen. Mulighederne er uendelige, når du med dine hænder og dit blik skaber din egen skulptur. Den giver ro og fordybelse og er en sanselig nydelse af form og træ.

TODAY består af seks træformer udført i valnød eller eg. Træformerne er skabt til at ligge naturligt i dine hænder. De er skåret ud af et helt stykke træ for at skærpe synligheden af træets smukke årer. Træet er FSC certificeret.

TODAY er snedkerhåndværk designet og produceret i Danmark.

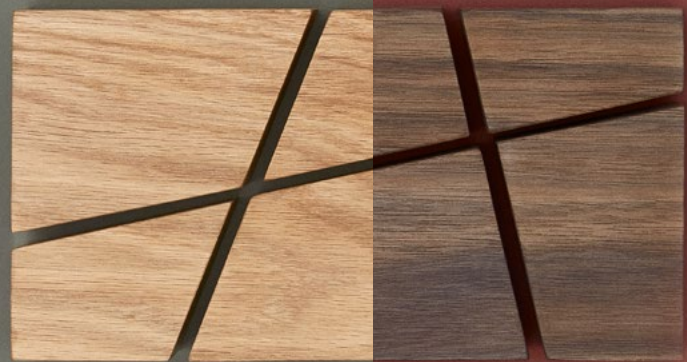

TODAY

TODAY consists of six wooden forms made in either walnut or oak. They are shaped to fit naturally in your hands. Each form is cut from a solid piece of wood highlighting the beautiful grain structures. The wood is FSC-certified.

TODAY is craftsmanship designed and produced in Denmark.
